## BLU's

Wow! It's the word clients of Blu's hear all the time. Kira, whose wow factor is off the charts, is wearing stuff from Airfield, Teenflo, Cambio, Crea, Save the Queen and Luisa Cerano. These and scads more labels await you in every Blu's store. Jackets and sweaters \$345 to \$975, bottoms \$165 to \$270 and the open mouthed stare from a handsome stranger... well, that's free! The fashion tip for fall? In a season bursting with innovative design the most exciting item in every collection is the jacket.
